VOLUME 4.

MARYVILLE, MISSOURI, WEDNESDAY, AUG. 20, 1913.

NO. 67.

## SERVICE IS POOR

MARYVILLE DESERVES BETTER MAIL SERVICE.

## FIVE CARRIERS NEEDED

Inspectors Will Not Recommend an Increase Unless People Number Houses and Repair Walks.

Maryville is after more city carriers and the Commercial club is taking up the matter with the postoffice department. In a statement issued by Secretary John I. Hoffman of the Commercial club, he says the following in regard to the matter:

"Maryville deserves better letter carrier service. Other towns of the state not as large as Maryville have more carriers than we have. Maryville has three carriers for a population of 4,762; Butler has three carriers for a population of 2,894; Cameron, three carriers for a population of 3,980; Neosho, three carriers for 3,651 population; Macon has four carriers for 3,584 population; Warrensburg, four carriers for 4,689 population; Clinton, five carriers for 4,992 population, and Louisiana has five carriers with 300 less population than we have (4,454). These figures prove conclusively that Maryville deserves at least two more carriers.

"Three years ago the postoffice inspectors were here with the idea of putting on more carriers, but refused to recommend them, because the houses were not numbered and the sidewalks were not in good condition. It is the law that the carriers do not need to deliver mail to houses where there are no sidewalks.

"The delivery in the business district is very poor. The mail that comes in on the Burlington from the north at 4:29, which contains a great deal of our Chicago mail, lays in the postoffice for seventeen hours before it is delivered to the business firms. There should be a delivery of the 4:30 mail in the evening, and the mail which comes in on the night trains should be delivered in the business section as soon as the stores open in the morning. This would necessitate a carrier exclusively for the business section, which would relieve the carriers in the residence district so that they could go into the residence districts from an hour and a half to two hours earlier than they do now.

"There has been no increase in the service since the first carriers were started twelve years ago, and there are sections of the residence districts within four blocks of the square which have no carrier service. Additions have been added to the town and streets extended and no service has been given to meet this growing need. The secretary of the Commercial club is taking this up with the postoffice officials, but in order to get this increased service it will be necessary for the people to co-operate just a little. In the first place, the inspectors will not recommend an increase in the service until all of the houses are uniformly numbered and until the sidewalks are in first class condition. The secretary has made arrangements to have all the houses in the residence district solicited and have the street numbers put on the houses at actual cost, so that there will be no excuse for parties refusing to co-operate.

"The matter of sidewalks is an individual question. If you want carrier service, build the sidewalks in front of your house."

### Colorado Visitors Leave.

Mr. and Mrs. G. D. Cook and children of Denver, Col., who have been visiting Mr. and Mrs. George Bickett, returned to Barnard Tuesday evening, where they are visiting the family of Thomas Cook. They will return to their home in Colorado in another week.

## SAVE YOUR COUPONS

Jeweler and Optician.

## THE LAST LAND "GRAB BAG."

U. S. Will "Raffle" a Million and a Half Acres in Montana Next Month.

Some of the best agricultural land ever given away by Uncle Sam will be included in one thousand 160-acre farms to be "raffled" by him in northeast Montana next month. It will be the last grand land drawing of the government and will throw open 1,345,000 acres of fertile farm land in the Fort Peck Indian reservation.

The tract is eighty miles long and forty miles wide and lies along the north bank of the Missouri river. It is land which the Sioux Indians, when forced to take to the reservation, chose among the richest in Montana. Up until this time two thousand Indians have made their homes on this land. When the drawings are allotted 724,000 acres will be reserved for their use. The government's appraisal places the farm land at from \$5 to \$7 an acre, and grazing land is valued at from \$2.50 to \$3.50 an acre. The actual value of the land is rated at an average of \$25 an acre by government agricultural experts.

Registration offices are being opened by the interior department at Glasgow, Havre and Great Falls, Mont. The work of filing for this land will start with the opening of the offices September 1. Registration will continue until September 20. The names of those who file will be placed in a big box and the envelopes drawn out one by one at the drawing in Glasgow, September 23. Applicants will have first pick of the land in rotation, according to the numbers drawn.

Settlers may file for not more than 160 acres each under the homestead laws. The appraised valuation—from \$2.50 to \$7—must be paid on these terms: One-fifth of the total down at the time of entry and the rest in five annual payments. The settler, however, has the option of taking advantage of the new three-year homestead law by paying for his land at the end of three years and thus proving up on it. Actual settlement of the land will begin May 1, 1914.

Not more than seventy-five thousand people are expected by government officials to file for the Fort Peck land. Hence, the chances of drawing a quarter section in the last great drawing are about four times as good as in any previous government land "lotteries."

## ATTENDED PICNIC.

President Richardson and Rev. Cox Spoke at Guilford Tuesday at Sunday School Picnic.

Rev. Gilbert S. Cox and President Ira Richardson went to Guilford Tuesday to address the Sunday school picnic of the Guilford M. E. church, South, and Bethel church.

The picnic was held two miles east of Guilford, on the farm of W. D. McClanahan. It was largely attended, a big basket dinner was served and everyone had the usual good time.

## WHEAT GOOD NEAR ARKOE.

One Farmer Averaged 47½ Bushels to the Acre—Others From 35 to 40 Bushels.

One several adjoining farms near Arkoe the wheat has amounted to more than 11,000 bushels. On Mr. Campbell's farm ten acres averaged 47½ bushels to the acre. Several other farms averaged from 35 to 40 bushels.

## SULZER'S HORSESHOE.

## DISCOVERED CAUSE

BOARD OF PUBLIC WORKS SOLVES RIVER TROUBLES.

## DAMMED WITH STRAW

The Immediate Removal of the Dam Will Assure Maryville Better Water Soon.

The trouble with the city water has been discovered—the 192 river is dammed by a straw stack six miles north of Maryville.

The board of public works was notified this morning that the river was dammed by a straw stack just below the Conklin bridge, on the Hugh McClurg farm, about six miles north of town. The dam completely blocks the channel and extends two or three feet above the water. It is possible to walk across the dam from one side of the river to the other.

Mr. McClurg told the board of public works that he had threshed his straw into the river for the purpose of damming it and turning the water into a new channel. He had no thought of it making the water unfit for use in Maryville. It was ten days or two weeks ago that Mr. McClurg threshed, and the immense pile of straw was thrown directly into the river. He told the board that he would begin at once to clear the straw away, and is, in fact, now moving a near-by hay stack that he may burn a large stack of straw on the river bank and that straw which is above the water preparatory to clearing away the rest.

L. A. Denny, superintendent of the water company, heard several days ago that such a condition existed. Sunday he took a boat and rowed eight miles up the river without finding any straw in it. Although the McClurg place is only about six miles north of town, the winding of the river increases the distance to about ten miles, and for this reason Mr. Denny failed to find the dam Sunday.

The finding of the dam has solved an aggravating question in regard to the water conditions here, and with the immediate removal of the dam Maryville may expect to soon have better water again.

## SUES FOR DIVORCE.

Dr. Grace T. Phelps Seeks Separation From Husband, Dr. C. C. Phelps.

A petition for divorce to be tried in the September term of court has been filed by Dr. Grace T. Phelps against her husband, Dr. Charles C. Phelps. The two people are well known here, having practiced osteopathy here for a number of years. Lately Dr. Charles Phelps has been living in Blockton, Ia., where he has been engaged in the business of photography.

The petition filed by Mrs. Phelps states that she and Charles C. Phelps were married in Nodaway county, March 30, 1907, and that they lived together until June 18, 1913. Mrs. Phelps states that for several years before their separation, and without provocation from her, her husband used vile, indecent and vulgar language to her, and on numerous occasions threatened to kill her. She further states that for several years he has failed to care for and support her and their child, so she asks that the court grant her a divorce.

## A Motor Car Census.

As far as a census can figure, the United States is found to lead the world in number of motor cars in use. At the recent session of the third international road congress in London an attempt was made for the first time to compile a complete census of all motor vehicles. This census was based on accurate reports from nearly all countries. The different reports show that the United States has five times as many cars as its nearest competitor, England and Wales. France came third in the number of motor vehicles. It was found that Germany had three times as many motor trucks as pleasure cars, which probably goes to prove that the Germans believe in business first and pleasure last.

## CHOOSING TALENT

AN EARLY START TO BE MADE ON CHAUTAUQUA.

## RE-ELECTED OFFICERS

Secretary to Issue Constitution and By-Laws With Financial Statement of Association.

In a little more than two weeks the selection of the talent for next year's Chautauqua will begin. This was decided at the meeting of the board of directors of the Nodaway Chautauqua Tuesday night. A program committee consisting of P. O. Landon, Judge W. C. Ellison, George Moore and Prof. W. M. Oakerson was appointed, and September 5 was set as the date on which they would meet to receive agents from the various Chautauqua bureaus to engage the talent for 1914.

The officers elected at last night's meeting were Judge Ellison, president of the Nodaway Chautauqua association, and Prof. Oakerson, secretary of the board of directors.

The secretary was instructed to prepare and have published a booklet containing the constitution and by-laws of the association, the names of the stockholders and executive committee and a financial statement of the association.

A number of other matters pertaining to the Chautauqua, such as the size of the auditorium tent and the improvement of the toilets, were informally discussed.

## LITTLE ROAD RESPONSE.

Harvest and Hot Weather Prevent Many From Responding to Governor Major's Call.

The first of the good roads days is a quiet one in Nodaway county. Very little work is being done on the roads here. This is not because there is a lack of interest, but because other things, threshing for one, interfere. No work is being done on the streets of Maryville, according to Street Commissioner Woods.

A number of communities have taken a similar action to that taken by the board of Grant township at Barnard Tuesday night. At the meeting there the board set aside September 9 and 10 as the time for working the roads there. At present the threshing and the hot, dry weather makes it impossible for the men to work on the roads.

J. D. Newlon, who lives nine miles northwest of Maryville, was in town today and he said that it was not until after he had been reminded of it in town that he remembered it was good roads day. He said that he did not see any one working the roads between his place and town. He added that he was going home, and in the morning would get out two teams and work with his son on the roads.

The people of Ravenwood have set September 2 and 3 as their good roads days.

## PROPERTY CHANGES HANDS.

Farm Near Blanchard Price of Residence in Maryville—Eighty Acres Brings \$7,200.

Through the Rhodes Land company a change in real estate was made yesterday. The property on South Buchanan street in which Dr. Hamilton lives and which belonged to Rev. J. T. Pierce of College Springs, Ia., for a farm near Blanchard. Mr. Coler expects to move to Maryville in a short time.

The eighty acres four miles north of Maryville belonging to E. A. Berry of Shambaugh, Ia., was sold last week to Louis Meyers for \$7,200.

## Made a Trip in Their Car.

Mr. and Mrs. Chris Juhl and family of Clyde returned Sunday from a three days' visit with relatives in St. Joseph. They made the trip in their new car.

Grace and Mary Ferritor went to Clyde Wednesday to spend the day with John Ferritor and Mrs. Tom Merigan and Mrs. A. W. Enis.

## MISSOURI SOIL IS FERTILE.

University Agricultural Expert Lays Richness of Earth Partly to Extensive Stock Raising.

Missouri is now using 3.7 pounds of fertilizer per acre over the state, which, although a larger amount than a few western states, is far better than the average in other sections. The good showing of Missouri in needing little fertilizer is due to some extent to stock raising, according to experts. Prof. C. B. Hutchison of the University of Missouri college of agriculture says: "Cattle feeding and live stock production from one of the surest foundations for successful agriculture that a state can have. This is because the fertility required to produce the crop is returned to the land. Denmark and Belgium, both dairy countries, import ship loads of cottonseed meal and corn and other feed from the United States. This is all put on their soil in the form of manure, for these countries have a far larger cattle population than their own crops could support. The result is that these countries are gaining by leaps and bounds in fertility. These countries have as dense a population as any of Europe. They make no agricultural exports, roughly speaking, except dairy products."

The map of the agronomy department showing the number of pounds of fertilizer used by the various states gives good proof of the value of cattle as fertilizing agents. According to the official figures of this map, Florida uses 272 pounds of fertilizer per acre; Georgia, 217 pounds; Alabama, 155 pounds; South Carolina, 352 pounds; North Carolina, 201 pounds; Virginia, 118 pounds; Tennessee, 15 pounds; Mississippi, 42 pounds; Arkansas, 14 pounds; Louisiana, 38 pounds; Texas, 4.6 pounds; Oklahoma, 16 pounds; Kansas, 12 pounds; Indiana, 25.7 pounds. Thus the sale of crops without feeding reduces the fertility of the soil as the cotton states readily show.

## JURY GAVE HER VERDICT.

Awarded Judgment for Mary A. Richey Against Estate of Her Father, J. W. Moorehouse.

In a case tried in probate court before Judge Conn, the jury gave a verdict for Mrs. Mary A. Richey for \$170 against the estate of her father, the late J. W. Moorehouse. This was the amount that Mrs. Richey was suing for, and it was for eight and a half months services as help and taking care of her father. Wright & Ford represented Mrs. Richey and Crawford & Sayler the Moorehouse estate. The jury was composed of Amos Sprecher, J. H. Gray, Isaac Kime, S. E. Shupe, A. L. Nash and Cooper Gooden.

## Returned From Oklahoma City.

Miss Phoebe Bramblett, a teacher of Burlington Junction, arrived in Maryville Wednesday noon from Oklahoma City, Okla., where she has been visiting, and will now visit with Miss Bernice Baker, north of Maryville.

Harland Wray went to Pickering Wednesday to visit his grandparents, Mr. and Mrs. I. N. Wray.

## LIEUT. COL. GAILLARD.

Man Who Dug Famous Cut In Panama Canal Breaks Down From Overwork.

Lieutenant Colonel David Du Bois Gaillard, corps of engineers, U. S. A., who since the army took over the construction of the Panama canal in 1906 has been the engineer officer in charge of the central division of that great work, a division that includes the world famous Culebra cut, arrived in New York on the Panama liner Advance suffering from a severe nervous collapse due to his arduous work of seven years in the canal zone.

## TO REVIVE FAIR

A. O. MASON PURCHASES GROUNDS FOR THIS PURPOSE.

## PLANS TO SELL STOCK

To Have Horse Racing a Strong Feature—No Gamblers or Crooks Will Be Allowed On Grounds.

The old county fair is to be revived, and Maryville will once more thrill with horse races and be the scene of prize exhibits of Nodaway's best in cattle, horses, hogs, corn, pumpkins, butter, and the hundred other things which are produced here. A. O. Mason purchased the old fair grounds last week for the purpose of reviving the fair, but no attempt will be made to hold one this year.

Mr. Mason bought the twenty-four acres which comprise the grounds from Mrs. Beedle at a consideration of \$10,000. He will not take possession until January or February. The transaction was closed and the deed made over to him last Thursday.

The plans which Mr. Mason has for the fair are these: He has asked the Maryville Commercial club to help him on one purpose and on one spot to help the movement as much as possible. He will retain the controlling interest in the association. As the old track is still there and needs only a little work on it to get it in good condition, Mr. Mason thinks that \$15,000 or \$20,000 would be enough to build stables, exhibition buildings and a grand stand. He plans to make horse racing a strong feature of the fair, to have entered the best horses possible, but he will allow no gambling whatever and will not allow professional gamblers and crooks to operate on the grounds.

There is a good residence on the grounds, and Mr. Mason intends to make it his home after next spring.

## Council Meeting Tonight.

A special meeting of the city council has been called by Mayor Robey for this evening. The purpose of the meeting is to approve the board of public works contract for the filter house and also allow payment of 50 per cent of the contract price for the boilers.

## Will Build New Residence.

Mr. and Mrs. F. S. Mathis of this city have purchased lots 3 and 4 in block 6, of the northwest addition to Maryville, and will begin building a nine-room modern residence between Thursday morning. The lots were purchased of Mr. and Mrs. W. S. Miller of Vinita, Okla., formerly of Maryville.

## Announce Birth of Daughter.

Mr. and Mrs. C. W. Jarvis of Minneapolis, Minn., announce the birth of a daughter, Harriett Tuck Jarvis, August 17. Mrs. Jarvis was Miss Anna Miller of this city, a sister of W. A. Miller of the Bee Hive.

## On Visit in Illinois.

Mrs. James Manley and Mrs. Ed Hamlin and daughter left Wednesday for Stockton, Ill., to visit Mrs. Manley's brother, John Townsend.

## Went to Maitland.

Marshall E. C. Moberly is taking in the Maitland fair today. His place is being taken by Clyde Avitt.

## THE WEATHER

Fair tonight and Thursday; no change in temperature.

## WANTED

Twenty-five Men

To go to Camp with Company F

Pay, clothing, food, transportation, no expenses. Released when you return to Maryville. Call at armory Monday, Wednesday or Friday nights, or see Captain Phipps or Lieutenant Charles any day.

## ARGUMENTS BEGIN IN DIGGS CASE

### Wife of Defendant Testifies in His Behalf.

San Francisco, Aug. 20.—Who will limit the devotion of a wife? Mrs. Maury I. Diggs sat in the court room where her husband stands charged as a white slayer, heard him testify under hostile questions that he had been unfaithful to her with Marsha Warrington in her own apartments and twenty minutes later herself took the witness stand to testify in his behalf.

With her evidence the defense and the government alike rested and the government began its arguments to the jury. By stipulation of Judge Van Fleet each side has two hours and twenty minutes in which to convince the jury, and the case will be in its hands late this afternoon.

Three witnesses held the stand. Maury I. Diggs occupied the forenoon with his own account of the words, deeds and fears that led up to his final flight to Reno with Marsha Warrington, accompanied by F. Drew Caminetti and Lola Norris, their close friends. They were arrested in Reno, Nev., brought back to Sacramento and the two men charged by the federal government with violation of the Mann act, which makes it a felony to transport women from one state to another for immoral purposes.

Caminetti will be prosecuted, the prosecutor announced, when the jury has made up its mind about Diggs.

The other two witnesses were Mr. Caminetti and Mrs. Diggs. Both were questioned briefly and the substance of their discourse was of the sleeplessness, erratic, nervous behavior and the air of worry that characterized their husbands for weeks beginning March 3 and ending in Reno.

In direct contradiction to the testimony of Miss Warrington and Miss Norris, who have sworn that they left home against their judgment and desire and only when marriage had been promised them, Diggs named Marsha Warrington as the one who had insisted that they go.

### GRAIN AND PROVISIONS

#### Closing Quotations on the Chicago Board of Trade.

Chicago, Aug. 20.—Closing prices: Wheat—Sept., 86½c; Dec., 90½c. Corn—Sept., 74½c; Dec., 68½c. Oats—Sept., 42½c; Dec., 45½c. Pork—Sept., \$20.95; Jan., \$19.45. Lard—Sept., \$11.20; Oct., \$11.35. ### TWO NEW MOONS IN AUGUST.

Satellites Will Not, However, Appear Both at the Same Time.

August is to have two new moons—really two, however, identical they may be. But, unfortunately for the curious, the two moons will not appear at one and the same time.

One of these is expected to make its bow August 24. It will partly hide the sun and cause an eclipse. August 24 the moon will pass directly across the beautiful group of stars known as the Pleiades, hiding one star after another of this group. However, this interesting phenomenon will occur in the afternoon.

August 31 a new moon, but paradoxically, the same old fellow, will pass over the disc of the sun. The morning of September 14 the moon will reach a point in the heavens where it will be obscured completely by the earth's shadow. Again on September 30 the sun will be hidden partly by the moon. So that August will afford the unusual phenomenon of two new moons, and September will see a group of interesting eclipses and feats on the part of the earth, the moon and the sun.—Pittsburg Chronicle-Telegraph.

### A Bridge Burned Out.

A bridge burned out on the Wabash railway Tuesday evening, delaying the arrival in Maryville of the 9:47 passenger train to St. Louis until 11:30.

### On Visit to Sister.

Mrs. H. E. Robinson of Clinton, Ia., formerly of this city, is in Maryville on a visit to her sister, Mrs. Eunice Graves.

### On Visit in Kansas.

W. H. Swinford and Miss Alma Lucas went to Long Island, Kan., Tuesday evening on a visit to T. J. Lucas.

Professor and Mrs. E. A. Burch of Cainsville, Mo., who have been attending the summer school of the Normal, left for their home Wednesday morning. Professor Burch will have charge of the schools of Cainsville this year.

Miss Carrie McClurg of Pickering returned home Wednesday from a few days' visit in Maryville with Mrs. Henry Martin and other relatives and friends. Miss McClurg will teach near Maitland the coming year.

Mrs. W. W. Rankin of Superior, Neb., who has been visiting in Maryville with Mrs. Luke Colvin, Mrs. E. B. Sheldon and Mark Hefflin, went to Chillicothe Wednesday for a visit before returning home.

Veronica Merrigan of Clyde returned home Tuesday from a visit with her uncle, Clarence Merrigan, and family, and was accompanied by Mr. Merrigan, who went to look after his farm near Clyde.

Miss Ada Clayton went to Gilman City Wednesday to visit her sister, Mrs. M. J. Quinlan, and to attend the picnic in progress there. She will also visit in Trenton and McFall before her return.

Mrs. W. H. Wachtel and Elsie and Della Wachtel of Graham were in Maryville Tuesday on their way to Lock Springs, Mo., to visit Mrs. Wachtel's son, Loren Wachtel, and family.

Miss Gwendolyn Steiger of Ravenwood, who has been visiting Miss Azella Basford, returned home Tuesday, accompanied by Miss Basford, who will visit her a few days.

Mrs. R. Llewellyn and children of Amazonia, who have been visiting Mrs. Frank Reynolds and family, returned home Tuesday evening.

Miss May Summers of Warrensburg was elected Tuesday night to the position of teacher in the Prairie Star school, three miles west of Hopkins.

### Maurice Costello tonight at Fern.

Dr. Frank Wallis returned Tuesday night from a several days' visit in Denver and Colorado Springs, Col., and Cheyenne, Wyo.

Mrs. S. E. Moon went to Pickering Wednesday to visit her sick sister, Mrs. Oscar Moon, also Mrs. C. C. Moon.

Mrs. C. C. Pattison of Arkoe and Mrs. Anna Forbes of Kansas City were shopping in Maryville Tuesday.

Mrs. F. L. Flynt and daughter returned Tuesday night from a several weeks' visit in Rolla, Mo.

Mrs. Andy Turner and children of Coin, Ia., went to Hopkins Wednesday to visit Mrs. P. C. Curry.

Miss Lulu Dew of Clearmont arrived Wednesday on a visit to Mrs. Dee Callahan of West Sixth street.

H. C. Clary returned Tuesday night from a visit with his daughter at Topeka, Kan.

Mr. and Mrs. Walter Stevenson of Pickering were shopping in Maryville Wednesday.

## You Will Rent That House IF

## You Have it Wired for Electric Lights

Do you know that people often ask us where there is a wired house for rent and that we seldom know of any?

Give us an order to wire your property providing we find a renter who suits you. We will cheerfully give you an estimate any time.

### Called Home by Illness.

Miss Maud Partridge of Cherokee, Okla., who has been spending the past ten days with friends and relatives here, was called home Tuesday evening by a message telling of the serious illness of her mother.

### Maurice Costello tonight at Fern.

Harry Collins of Omaha came to Maryville Tuesday and is the guest of Miss Mary Stundon.

Miss Irene Westfall went to Stanberry Tuesday to visit Misses Belle and Hazel Houston.

### Home From Colorado.

Mr. and Mrs. Glen Goff have returned from a month's visit with Mrs. Goff's parents at Monte Vista, Col. Mr. Goff has some very big and true stories to tell about trout fishing in that region of Colorado.

Mrs. Verna Murphy of the Alderman-Yehle dry goods store returned Saturday night from a two weeks' vacation with relatives in Albany.

Miss Marie Liess of Hamburg, Ia., who has been visiting at the home of Mrs. Frank Frede, near Maryville, returned home Tuesday.

## NODAWAY VALLEY BANK

OLDEST BANK IN THE COUNTY

Capital and Surplus \$125,000.00

## SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.

The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.

Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

James B. Robinson, President. F. P. Robinson, Vice Pres.  
J. D. Richey, Cashier.

## NO ULTIMATUM FROM HUERTA

Denies He Demanded United  
States Recognize Mexico.

ISSUED DEFIANCE OTHER TIME

Save Out Statement Lind Without Cre-  
dentials Unwelcome—Minister of  
Interior Credited With Responsibil-  
ity for Reported Ultimatum.

Washington, Aug. 20.—Hopeful,  
though somewhat puzzled by the day's  
developments, administration officials  
anxiously awaited the receipt of the  
Huerta government's complete reply  
to the American proposal communi-  
cated by John Lind, personal repre-  
sentative of President Wilson in Mex-  
ico.

President Wilson and Secretary Bry-  
an had received during the last twenty-  
four hours:

A summary from Mr. Lind giving  
briefly the Huerta government's rejec-  
tion of the American proposals.

About 1,000 words of the text of the  
Huerta reply, reported to be 7,000  
words long.

A message from Mr. Lind stating  
that he had been in conference at an  
early hour with Provisional President  
Huerta, that the interview had been  
cordial and was brought about at the  
suggestion of Huerta himself.

A denial from Charge O'Shaugh-  
nessy, authorized by Provisional Pres-  
ident Huerta, declaring that there was  
no truth in the report of an ultimatum  
demanding recognition from the United  
States.

Staves Off Debate.

This message, coming in discon-  
nected cipher messages, which adminis-  
tration officials themselves confessed  
some difficulty in understanding, was  
given to members of the senate com-  
mittee of foreign relations, Republi-  
cans as well as Democrats, and had the  
effect of staying off debate on the  
Mexican question following sensa-  
tional reports of a threatened sever-  
ance of relations by the Huerta gov-  
ernment.

Officials, though somewhat skeptical  
of the outcome of the present negotia-  
tions, took the view that nothing could  
be done by the United States, at least  
until Mr. Lind actually concluded his  
parleys with Huerta and his cabinet,  
with whom the American envoy has  
established pleasant unofficial rela-  
tions.

## ABOLISH DUTCH STANDARD

Bristow's Amendment to Tariff Bill Is  
Adopted by Senate.

Washington, Aug. 20.—The Bristow  
amendment for a graduated reduction  
of the duty on sugar to 1.26 per 100  
pounds was defeated, 39 to 34, Sena-  
tors Randall and Thornton of Louisi-  
ana voting with the Republicans for  
the amendment.

An amendment to abolish with the  
passage of the bill the Dutch stand-  
ard as a test for estimating sugar tar-  
iffs was adopted. Senator Bristow  
(Rep.) offered the amendment and  
Democratic leaders agreed to its adop-  
tion. The fight against the Dutch  
standard had been waged since 1909.  
The bill would have abolished the test  
next March.

Democrats were jubilant over hold-  
ing their majority unimpaired in the  
crucial tests. Determined to press the  
fight, the anti-free sugar senators  
moved to strike out the provision for  
free sugar after three years. An  
amendment to that effect was offered  
by Senator Norris (Neb.), but was de-  
feated.

## Congress to Decide.

Washington, Aug. 20.—Congress is  
likely to be called upon to settle the  
question whether the state department  
or the state of Nebraska shall pay  
damages of \$150,000 alleged to have  
been sustained by Greeks in riots at  
South Omaha four years ago. This is  
the understanding of the matter ob-  
tained by Representative Lobeck and  
John Vees of South Omaha, who were  
at the department in an effort to se-  
cure some adjustment of the case.

## Change Name of Organization.

Denver, Aug. 20.—The Army of the  
Philippines and the American Veter-  
ans of Foreign Service adopted sepa-  
rate resolutions to merge in a new  
organization, to be known as the So-  
ciety of the Army of the Philippines,  
Cuba and Porto Rico. The organiza-  
tion is open to all who served in for-  
eign territory, including China, during  
the period of the Spanish war and the  
Philippines.

## Exploding Dynamite Kills 100.

Mexico City, Aug. 20.—It is estimat-  
ed that nearly 100 persons were killed  
and almost as many injured when a  
car loaded with dynamite ran wild  
down the hills from the power works  
at Santa Fe, jumped the track and  
dashed into a tree in the suburb of  
Tacubaya and exploded. Over fifty  
bodies have been dug from the ruins  
of houses in Tacubaya.

## Chief Assets of Porter Are Dogs.

Chicago, Aug. 20.—Francis G. Por-  
ter, the broker whose Alameda dogs  
are principally the cause of his ap-  
pearance before a referee in bank-  
ruptcy, asserted he had spent \$5,000  
on the blue blooded animals. Their  
care was one of the heaviest drains  
on his finances, he said.

# Alderman Yehle Dry Goods Co.

## WEST THIRD STREET, MARYVILLE, MO.

**The Gossard**  
CORSETS  
*They Live In Front*

## A Gossard Corset at \$5.00

*With an elastic section in  
back, and long, close-  
fitting skirt.*

The highest authorities for Fall  
fashions pronounce the lines of this  
corset perfect in every detail.

This model is extreme in mode  
—the waist being large and hips  
small.

The bust is very low and the skirt con-  
fines the surplus flesh without any sense of  
restriction. The elastic section in the back  
makes this possible.

The boning is light and the material  
used is a firm, splendid-wearing batiste.

At the price, we know of no corset that  
can in any way equal this one. Fitted and  
the fit guaranteed at \$5.00.

is taking merchants' statements today  
at Graham, Skidmore, Quitman and  
Burlington Junction.

### Mrs. Nellie Morgan and children of

St. Joseph, who have been visiting her  
mother, Mrs. David Housal, went to  
Lenox, Ia., Wednesday to visit Mrs.  
May Tuck.

### Mrs. E. M. Bainum went to Kansas

City Wednesday morning to join Miss  
Maud Bainum on her visit there with  
Mr. Bainum's sister, Mrs. C. S. Heim-  
bauch.

### Ernest Yeaman, who has been visit-

ing his parents the past ten days, re-  
turned to his employment in Chicago  
Wednesday.

### Miss Marie Grundy went to King

City Wednesday to visit her aunt, Mrs.  
Minnie Grundy.

## GUILFORD ITEMS.

William Boylan of Conception Junc-  
tion, a fireman on the Chicago Great  
Western road, was hurt here Tuesday  
when the train stopped for water.  
Boylan, who has been on the road only  
a short time, started to walk back over  
the coal in the tender to reach the  
spout of the water tank. He slipped  
and fell, striking his jaw on the coal,  
cutting his lip and knocking out four  
teeth. He was taken into the depot,  
where a doctor was called to attend  
him. Four stitches were taken in sew-  
ing up his lip.

The school board met Tuesday night  
and set the date of the opening of  
school on September 8. General bills  
were allowed and some repairs to the  
building and grounds ordered.

E. E. White went to St. Joseph  
Wednesday on business.

Miss Blanche Rimel left today for a  
visit in Ravenwood.

Robert Cordill, assistant cashier of  
the Bank of Guilford, is taking a few  
days' vacation.

Maurice Costello tonight at Fern.

## A Steady Pull

We are convinced that right styles and quality, with steady prices,  
impress you more than high prices and poor goods, most of the time;  
in fact, all the time, with the exception of a big cut price sale, where  
suit prices are cut in half. You doubt the statement that competitors  
of our make when they advertise a big cut like that. Well, we are not  
making any such cuts as that, because we are not buying the cheaper  
class of goods. We stand ready any time to prove that we deliver the  
best goods for the least money.

## How About a Fall Suit

A large shipment arrived just a few days ago of both Men's, Young  
Men's and Boys' Fall and Winter Suits. We want you to see them,  
look over the bunch and then see if we haven't got a stylish and de-  
pendable line of reasonable priced suits.

## Shirts of All Descriptions

Say, the new Shirts that we have received are certainly classy.  
We are always looking for the best in this line. This new assortment  
is better than ever and the prices are as low as ever.

These Shirts have longer sleeves and they are much longer south-  
ward.

## Fall Line of Shoes

Every pair of Shoes handled by us are the best to be had for the  
money. We have never sold anything but the best grade of Shoes.  
Ask your friends.

**We Are Always Looking for  
Better Goods**

If we do not handle certain makes of Clothing it is because we have  
found something better. Our competitors are always grabbing for the  
lines that we throw aside, but remember the place to get satisfaction.

Mrs. G. Rogers of Osborne City, Kan., who has been visiting at the home of Mr. and Mrs. A. M. Reese, went to Pickering Tuesday to visit Mrs. Mary McGuire.

Miss Katherine Koch of St. Joseph arrived Tuesday on a visit to her grandparents, Mr. and Mrs. S. H. Townsend, and other relatives.

## Estes Park Colorado The Garden of Allah

A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the cheeks glow and the eye glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipice in the world.

In Estes Park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it's the ideal place to rest and regain perfect health.

Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable ranch boarding houses and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am paid to lend a helping hand. Let me attend to all the details. Call, or write for an Estes Park pamphlet--today before you forget.

Ticket Agent, Burlington Route

## A MADDOG SCARE.

North Maryville Gets Excited Over Dog With Rabies--Dog Shut in Barn and May Be Killed.

North Maryville was frightened with a mad dog scare this morning. The dog, a little black one belonging to Jud Pearce, was seen near the Main street bridge, running wildly about, foaming at the mouth and in convulsions.

Fred Lewis called the police. They did not want to kill the dog without seeing Mr. Pearce about it first, and as he was away from home they shut the dog in a barn. Mr. Pearce came home later and said that he would kill the dog if it did not get better by night.

Bert Rowley, fearing that his dog was mad and would attack some one, killed it this morning.

## Four New Members.

Company F gained four new recruits Tuesday, all being Maryville boys. Up to Monday night they added seven new ones to the company, and with those added Tuesday it makes eleven new members. Many more are expected to join so as to take in the state encampment at Nevada next week. Captain Ezra Phipps of the company received the transportation for the company Tuesday.

Miss Jessie Lyons of Arkoe is the guest of Misses Margaret and Elizabeth Heffern.

Mr. and Mrs. Louis Zahm went to Stanberry Wednesday on a day's business trip.

## Just One Little Thing Wrong.

The late John H. Twachtman, the well known landscape painter, was essentially an "artists' artist," in that his style appealed more to his colleagues of the art world than to the lay public. Any one familiar with the man and his work would say that the following incident, which is related of him, might easily be true:

A man who had bought one of the artist's paintings wished his opinion on the hanging of the picture and invited him to dine. Mr. Twachtman expressed his approval of the background, of the height at which the canvas was hung, pronounced the light favorable--indeed, he said, there was only one particular in which he would suggest any change.

"And what is that?" inquired his host solicitously.

"Why," said the artist, "I should hang it the other side up. I always have."--Everybody's Magazine.

## Self-Made.

## Mrs. Moon No Better.

Mrs. Oscar Moon of Pickering, who was taken to Rochester, Minn., about two weeks ago for treatment, was brought home a few days ago, and is lying in a critical condition at her home.

## Cockroaches SHOULD BE KILLED

At the first sign of the repulsive cockroach or waterbug, get from your drug-gist a box of the genuine Stearns' Electric Rat and Roach Paste and use it according to directions; and in the morning you can sweep up a painful of dead cockroaches. Ready for use; does not blow into the food like powders.

Stearns' Electric Paste is sold on guarantee of money back if it fails to exterminate cockroaches, rats, mice, etc. Sold by druggists, 25c and \$1.00, or sent direct, charges prepaid, on receipt of price. Stearns' Electric Paste Co., Chicago, Ill.

## CANADA WILL DEPORT THAW

Slayer of White Regarded as  
"Prohibited Person."

## ARRESTED IN QUEBEC TOWN.

To Be Returned to New Hampshire, From Where He Came--Asks Sheriff Question on Train and Apprehension Follows--Will Resist Deportation.

Ottawa, Ont., Aug. 20.--Harry K. Thaw will be deported from Canada under the present plans of the Canadian immigration department, because within the meaning of the Canadian immigration law he is regarded as a "prohibited person." If custom is followed, he will be sent back to New Hampshire, from which state he entered the Dominion.

It was late when the department was notified of Thaw's apprehension, and immediately inspectors Reynolds and Williams were dispatched to Sherbrooke, with instructions to watch the case and institute proceedings to the above mentioned end. The department wired the chief of police at Sherbrooke to hold Thaw under the immigration act.

## To Fight Extradition.

Sherbrooke, Que., Aug. 20.--Harry K. Thaw, cut short in his flight from the state hospital for the criminal insane at Matteawan, N. Y., by arrest at the village of St. Hermenegilde de Garford, just over the international line from New Hampshire, prepared in his cell at the county jail here to fight extradition to the United States.

Had not Thaw made an inquiry of Sheriff B. H. Kelsey of Colbrook, N. H., regarding the country through which he was passing, he probably would be aboard a steamer sailing for England without having his identity suspected. The arrest was made on Kelsey's complaint that Thaw was a fugitive from justice.

## ALL QUIET AT ALBANY

Assembly Takes Step to Punish Recalcitrant Fawley Witnesses.

Albany, N. Y., Aug. 20.--Expectation that the reconvening of the legislature would be productive of spectacular developments in the muddled government situation failed of realization. Rumors that Acting Governor Glynn would submit a message bearing in some way upon his official status drew large crowds to the capitol, but few members appeared.

In the ten minute session of the assembly, concurrent resolutions were introduced looking to the punishment for contempt in refusing to answer questions before the Fawley investigating committee of Louis A. Sarecky, Governor Sulzer's private secretary, during the gubernatorial campaign, and Frederick L. Colwell, who is alleged to have been Mr. Sulzer's "dummy" in certain stock transactions.

## 50,000 WORK ON ROADS

Begin Campaign to "Pull Missouri Out of the Mud."

Jefferson City, Mo., Aug. 20.--One hundred prisoners from the Missouri penitentiary will work on the public roads of Missouri today and tomorrow and each one who performs satisfactory work will have his sentence reduced fifteen days. This announcement was made by Governor Major.

Fifty thousand business men and farmers of western Missouri, it was estimated, shouldered their picks and shovels this morning to take part in Missouri's two good road days, the slogan for which is, "Pull Missouri out of the Mud."

## TRAINS START FOR SOUTH

Federals Believe Traffic to Chihuahua Is Restored.

El Paso, Tex., Aug. 20.--Nine freight and passenger trains are ready to leave Juarez for the south in an effort to reach Chihuahua. An escort of 2,000 federal troops will accompany the trains.

Telegraphic communication has been restored with Chihuahua and federal authorities believe traffic over the railroad will be uninterrupted. The trains will carry mail and a large quantity of supplies and ammunition.

## FOUR KILLED BY BOLT

Railway Official Victim of Lightning at Dexter, Mo.

Dexter, Mo., Aug. 20.--Four persons were killed by a lightning bolt in a storm which struck this city at noon. The dead are: W. L. Barnum, assistant engineer of the St. Louis Southwestern Railway company; George Gregory, William Perry, and his small son.

## All except Barnum Live here.

Fatal Shooting Affray on Train. Salt Lake, Aug. 20.--While east bound train No. 2 of the Salt Lake route was speeding across the desert John Bertello whipped out a revolver and fired at his two companions. Passengers, in a panic, fled into the other coaches. When the train crew entered they found George Lochner and Gerro Floradi lying in the aisle, the former mortally wounded. Bertello was put in jail at Delta, Utah. The two wounded men were brought here. A quarrel over money was said to have caused the shooting.

## BODIES OF VICTIMS TAKEN TO SEATTLE

On Same Ship Thirty-seven Survivors of Wreck Aboard.

Juneau, Alaska, Aug. 20.--Thirty-seven surviving passengers of the steamship State of California sailed for Seattle on the steamship Northwestern, leaving seven passengers in a hospital unable to travel. On the Northwestern also went ten confined bodies of passengers. Three of the dead are unidentified. The coffins will be opened at Seattle.

All the surviving officers and other members of the crew appeared before Marine Inspectors Whitney and Kell and gave testimony, which was taken in shorthand. They were ordered to report to the marine inspectors at Seattle.

Captain Cann of the wrecked steamer left for the scene of the disaster to make soundings to ascertain if the mail and the purser's safe can be recovered. The mail was in the hold of the steamer and is thus intact. If it was saved with the wreckage of the upper works.

Among the rescued passengers are Mr. and Mrs. Peter Olson of New York, C. D. Shaw, Sidney, Australia, and George Odell, Kansas.

# DAILY DEMOCRAT FORUM

Largest Circulation of any Daily Paper in any Missouri Town of 5000 Population

VOLUME 4.

MARYVILLE, MISSOURI, WEDNESDAY, AUG. 20, 1913.

NO. 67.

## SERVICE IS POOR

MARYVILLE DESERVES BETTER MAIL SERVICE.

## FIVE CARRIERS NEEDED

Inspectors Will Not Recommend an Increase Unless People Number Houses and Repair Walks.

Maryville is after more city carriers and the Commercial club is taking up the matter with the postoffice department. In a statement issued by Secretary John I. Hoffman of the Commercial club, he says the following in regard to the matter:

"Maryville deserves better letter carrier service. Other towns of the state not as large as Maryville have more carriers than we have. Maryville has three carriers for a population of 4,762; Butler has three carriers for a population of 2,894; Cameron, three carriers for a population of 3,980; Neosho, three carriers for 3,661 population; Macon has four carriers for 3,584 population; Warrensburg, four carriers for 4,689 population; Clinton, five carriers for 4,992 population, and Louisiana has five carriers with 300 less population than we have (4,454). These figures prove conclusively that Maryville deserves at least two more carriers.

"Three years ago the postoffice inspectors were here with the idea of putting on more carriers, but refused to recommend them, because the houses were not numbered and the sidewalks were not in good condition. It is the law that the carriers do not need to deliver mail to houses where there are no sidewalks.

"The delivery in the business district is very poor. The mail that comes in on the Burlington from the north at 4:29, which contains a great deal of our Chicago mail, lays in the postoffice for seventeen hours before it is delivered to the business firms. There should be a delivery of the 4:30 mail in the evening, and the mail which comes in on the night trains should be delivered in the business section as soon as the stores open in the morning. This would necessitate a carrier exclusively for the business section, which would relieve the carriers in the residence district so that they could go into the residence districts from an hour and a half to two hours earlier than they do now.

"There has been no increase in the service since the first carriers were started twelve years ago, and there are sections of the residence districts within four blocks of the square which have no carrier service. Additions have been added to the town and streets extended and no service has been given to meet this growing need. The secretary of the Commercial club is taking this up with the postoffice officials, but in order to get this increased service it will be necessary for the people to co-operate just a little. In the first place, the inspectors will not recommend an increase in the service until all of the houses are uniformly numbered and until the sidewalks are in first class condition. The secretary has made arrangements to have all the houses in the residence district solicited and have the street numbers put on the houses at actual cost, so that there will be no excuse for parties refusing to co-operate.

"The matter of sidewalks is an individual question. If you want carrier service, build the sidewalks in front of your house."

### Colorado Visitors Leave.

Mr. and Mrs. G. D. Cook and children of Denver, Col., who have been visiting Mr. and Mrs. George Bickett, returned to Barnard Tuesday evening, where they are visiting the family of Thomas Cook. They will return to their home in Colorado in another week.

Jeweler and Optician.

## THE LAST LAND "GRAB BAG."

U. S. Will "Raffle" a Million and a Half Acres in Montana Next Month.

Some of the best agricultural land ever given away by Uncle Sam will be included in one thousand 160-acre farms to be "raffled" by him in north-east Montana next month. It will be the last grand land drawing of the government and will throw open 1,345,000 acres of fertile farm land in the Fort Peck Indian reservation.

The tract is eighty miles long and forty miles wide and lies along the north bank of the Missouri river. It is land which the Sioux Indians, when forced to take to the reservation, chose among the richest in Montana. Up until this time two thousand Indians have made their homes on this land. When the drawings are allotted 724,000 acres will be reserved for their use. The government's appraisal places the farm land at from \$5 to \$7 an acre, and grazing land is valued at from \$2.50 to \$3.50 an acre. The actual value of the land is rated at an average of \$25 an acre by government agricultural experts.

Registration offices are being opened by the interior department at Glasgow, Havre and Great Falls, Mont. The work of filing for this land will start with the opening of the offices September 1. Registration will continue until September 20. The names of those who file will be placed in a big box and the envelopes drawn out one by one at the drawing in Glasgow, September 23. Applicants will have first pick of the land in rotation, according to the numbers drawn.

Settlers may file for not more than 160 acres each under the homestead laws. The appraisal valuation—from \$2.50 to \$7—must be paid on these terms: One-fifth of the total down at the time of entry and the rest in five annual payments. The settler, however, has the option of taking advantage of the new three-year homestead law by paying for his land at the end of three years and thus proving up on it. Actual settlement of the land will begin May 1, 1914.

Not more than seventy-five thousand people are expected by government officials to file for the Fort Peck land. Hence, the chances of drawing a quarter section in the last great drawing are about four times as good as in any previous government land "lotteries."

## ATTENDED PICNIC.

President Richardson and Rev. Cox Spoke at Guilford Tuesday at Sunday School Picnic.

Rev. Gilbert S. Cox and President Ira Richardson went to Guilford Tuesday to address the Sunday school picnic of the Guilford M. E. church, South, and Bethel church.

The picnic was held two miles east of Guilford, on the farm of W. D. McClanahan. It was largely attended, a big basket dinner was served and everyone had the usual good time.

## WHEAT GOOD NEAR ARKOE.

One Farmer Averaged 47½ Bushels to the Acre—Others From 35 to 40 Bushels.

One several adjoining farms near Arkoe the wheat has amounted to more than 11,000 bushels. On Mr. Campbell's farm ten acres averaged 47½ bushels to the acre. Several other farms averaged from 35 to 40 bushels.

## DISCOVERED CAUSE

BOARD OF PUBLIC WORKS SOLVES RIVER TROUBLES.

## DAMMED WITH STRAW

The Immediate Removal of the Dam Will Assure Maryville Better Water Soon.

The trouble with the city water has been discovered—the 102 river is dammed by a straw stack six miles north of Maryville.

The board of public works was notified this morning that the river was dammed by a straw stack just below the Conklin bridge, on the Hugh McClurg farm, about six miles north of town. The dam completely blocks the channel and extends two or three feet above the water. It is possible to walk across the dam from one side of the river to the other.

Mr. McClurg told the board of public works that he had threshed his straw into the river for the purpose of damming it and turning the water into a new channel. He had no thought of it making the water unfit for use in Maryville. It was ten days or two weeks ago that Mr. McClurg threshed, and the immense pile of straw was thrown directly into the river. He told the board that he would begin at once to clear the straw away, and is, in fact, now moving a near-by hay stack that he may burn a large stack of straw on the river bank and that straw which is above the water preparatory to clearing away the rest.

L. A. Denny, superintendent of the water company, heard several days ago that such a condition existed. Sunday he took a boat and rowed eight miles up the river without finding any straw in it. Although the McClurg place is only about six miles north of town, the winding of the river increases the distance to about ten miles, and for this reason Mr. Denny failed to find the dam Sunday.

The finding of the dam has solved an aggravating question in regard to the water conditions here, and with the immediate removal of the dam Maryville may expect to soon have better water again.

## SUES FOR DIVORCE.

Dr. Grace T. Phelps Seeks Separation From Husband, Dr. C. C. Phelps.

A petition for divorce to be tried in the September term of court has been filed by Dr. Grace T. Phelps against her husband, Dr. Charles C. Phelps. The two people are well known here, having practiced osteopathy here for a number of years. Lately Dr. Charles Phelps has been living in Blockton, Ia., where he has been engaged in the business of photography.

The petition filed by Mrs. Phelps states that she and Charles C. Phelps were married in Nodaway county, March 30, 1907, and that they lived together here until June 18, 1913. Mrs. Phelps states that for several years before their separation, and without provocation from her, her husband used vile, indecent and vulgar language to her, and on numerous occasions threatened to kill her. She further states that for several years he has failed to care for and support her and their child, so she asks that the court grant her a divorce.

## A Motor Car Census.

As far as a census can figure, the United States is found to lead the world in number of motor cars in use. At the recent session of the third international road congress in London an attempt was made for the first time to compile a complete census of all motor vehicles. This census was based on accurate reports from nearly all countries. The different reports show that the United States has five times as many cars as its nearest competitor, England and Wales. France came third in the number of motor vehicles. It was found that Germany had three times as many motor trucks as pleasure cars, which probably goes to prove that the Germans believe in business first and pleasure last.

## CHOOSING TALENT

AN EARLY START TO BE MADE ON CHAUTAUQUA.

## RE-ELECTED OFFICERS

Secretary to Issue Constitution and By-Laws With Financial Statement of Association.

In a little more than two weeks the selection of the talent for next year's Chautauqua will begin. This was decided at the meeting of the board of directors of the Nodaway Chautauqua Tuesday night. A program committee consisting of P. O. Landon, Judge W. C. Ellison, George Moore and Prof. W. M. Oakerson was appointed, and September 5 was set as the date on which they would meet to receive agents from the various Chautauqua bureaus to engage the talent for 1914.

The officers elected at last night's meeting were Judge Ellison, president of the Nodaway Chautauqua association, and Prof. Oakerson, secretary of the board of directors.

The secretary was instructed to prepare and have published a booklet containing the constitution and by-laws of the association, the names of the stockholders and executive committee and a financial statement of the association.

A number of other matters pertaining to the Chautauqua, such as the size of the auditorium tent and the improvement of the toilets, were informally discussed.

## LITTLE ROAD RESPONSE.

Harvest and Hot Weather Prevent Many From Responding to Governor Major's Call.

The first of the good roads days is a quiet one in Nodaway county. Very little work is being done on the roads here. This is not because there is a lack of interest, but because other things, threshing for one, interfere.

No work is being done on the streets of Maryville, according to Street Commissioner Woods.

A number of communities have taken a similar action to that taken by the board of Grant township at Barnard Tuesday night. At the meeting there the board set aside September 9 and 10 as the time for working the roads there. At present the threshing and the hot, dry weather makes it impossible for the men to work on the roads.

J. D. Newlon, who lives nine miles northwest of Maryville, was in town today and he said that it was not until after he had been reminded of it in town that he remembered it was good roads day. He said that he did not see any one working the roads between his place and town. He added that he was going home, and in the morning would get out two teams and work with his son on the roads.

The people of Ravenwood have set September 2 and 3 as their good roads days.

## PROPERTY CHANGES HANDS.

Farm Near Blanchard Price of Residence in Maryville—Eighty Acres Brings \$7,200.

Through the Rhodes Land company a change in real estate was made yesterday. The property on South Buchanan street in which Dr. Hamilton lives and which belonged to Rev. J. T. Pierce of Tarkio was traded to I. W. Coler of College Springs, Ia., for a farm near Blanchard. Mr. Coler expects to move to Maryville in a short time.

The eighty acres four miles north of Maryville belonging to E. A. Berry of Shambaugh, Ia., was sold last week to Louis Meyers for \$7,200.

## Made a Trip in Their Car.

Mr. and Mrs. Chris Juhl and family of Clyde returned Sunday from a three days' visit with relatives in St. Joseph. They made the trip in their new car.

Grace and Mary Ferritor went to Clyde Wednesday to spend the day with John Ferritor and Mrs. Tom Merigan and Mrs. A. W. Enls.

## MISSOURI SOIL IS FERTILE.

University Agricultural Expert Lays Richness of Earth Partly to Extensive Stock Raising.

Missouri is now using 3.7 pounds of fertilizer per acre over the state, which, although a larger amount than a few western states, is far better than the average in other sections. The good showing of Missouri in needing little fertilizer is due to some extent to stock raising, according to experts. Prof. C. B. Hutchison of the University of Missouri college of agriculture says: "Cattle feeding and live stock production from one of the surest foundations for successful agriculture that a state can have. This is because the fertility required to produce the crop is returned to the land. Denmark and Belgium, both dairy countries, import ship loads of cottonseed meal and corn and other feed from the United States. This is all put on their soil in the form of manure, for these countries have a far larger cattle population than their own crops could support. The result is that these countries are gaining by leaps and bounds in fertility. These countries have as dense a population as any of Europe. They make no agricultural exports, roughly speaking, except dairy products."

The map of the agronomy department showing the number of pounds of fertilizer used by the various states gives good proof of the value of cattle as fertilizing agents. According to the official figures of this map, Florida uses 273 pounds of fertilizer per acre; Georgia, 217 pounds; Alabama, 155 pounds; South Carolina, 362 pounds; North Carolina, 201 pounds; Virginia, 118 pounds; Tennessee, 15 pounds; Mississippi, 42 pounds; Arkansas, 14 pounds; Louisiana, 38 pounds; Texas, 46 pounds; Oklahoma, 16 pounds; Kansas, 12 pound; Indiana, 25.7 pounds. Thus the sale of crops without feeding reduces the fertility of the soil as the cotton states readily show.

## JURY GAVE HER VERDICT.

Awarded Judgment for Mary A. Richey Against Estate of Her Father, J. W. Moorehouse.

In a case tried in probate court before Judge Conn, the jury gave a verdict for Mrs. Mary A. Richey for \$170 against the estate of her father, the late J. W. Moorehouse. This was the amount that Mrs. Richey was suing for, and it was for eight and a half months services as help and taking care of her father. Wright & Ford represented Mrs. Richey and Crawford & Saylor the Moorehouse estate. The jury was composed of Amos Sprecher, J. H. Gray, Isaac Kime, S. E. Shupe, A. L. Nash and Cooper Gooden.

## Returned From Oklahoma City.

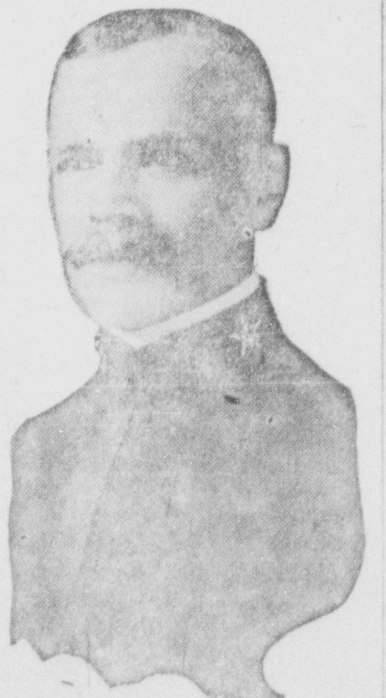

Miss Phoebe Bramblett, a teacher of Burlington Junction, arrived in Maryville Wednesday noon from Oklahoma City, Okla., where she has been visiting, and will now visit with Miss Bernice Baker, north of Maryville.

## Harland Wray went to Pickering

Wednesday to visit his grandparents, Mr. and Mrs. I. N. Wray.

## LIEUT. COL. GAILLARD.

Man Who Dug Famous Cut In Panama Canal Breaks Down From Overwork.

Lieutenant Colonel David Du Rola Gaillard, corps of engineers, U. S. A., who since the army took over the construction of the Panama canal in 1906 has been the engineer officer in charge of the central division of that great work, a division that includes the world famous Culebra cut, arrived in New York on the Panama liner Advance suffering from a severe nervous collapse due to his arduous work of seven years in the canal zone.

## TO REVIVE FAIR

A. O. MASON PURCHASES GROUNDS FOR THIS PURPOSE.

## PLANS TO SELL STOCK

To Have Horse Racing a Strong Feature—No Gamblers or Crooks Will Be Allowed On Grounds.

The old county fair is to be revived, and Maryville will once more thrill with horse races and be the scene of prize exhibits of Nodaway's best in cattle, horses, hogs, corn, pumpkins, butter, and the hundred other things which are produced here. A. O. Mason purchased the old fair grounds last week for the purpose of reviving the fair, but no attempt will be made to hold one this year.

Mr. Mason bought the twenty-four acres which comprise the grounds from Mrs. Beedle at a consideration of \$10,000. He will not take possession until January or February. The transaction was closed and the deed made over to him last Thursday.

The plans which Mr. Mason has for the fair are these: He has asked the Maryville Commercial club to help him or put up money for a new grandstand to help the movement as much as possible. He will retain the controlling interest in the association. As the old track is still there and needs only a little work on it to get it in good condition, Mr. Mason thinks that \$15,000 or \$20,000 would be enough to build stables, exhibition buildings and a grand stand. He plans to make horse racing a strong feature of the fair, to have entered the best horses possible, but he will allow no gambling whatever and will not allow professional gamblers and crooks to operate on the grounds.

There is a good residence on the grounds, and Mr. Mason intends to make it his home after next spring.

## Council Meeting Tonight.

A special meeting of the city council has been called by Mayor Robey for this evening. The purpose of the meeting is to approve the board of public works contract for the filter house and also allow payment of 50 per cent of the contract price for the boilers.

## Will Build New Residence.

Mr. and Mrs. F. S. Mathis of this city have purchased lots 3 and 4 in block 6, of the northwest addition to Maryville, and will begin building a nine-room modern residence between Thursday morning. The lots were purchased of Mr. and Mrs. W. S. Miller of Vinia, Okla., formerly of Maryville.

## Announce Birth of Daughter.

Mr. and Mrs. C. W. Jarvis of Minneapolis, Minn., announce the birth of a daughter, Harriett Tuck Jarvis, August 17. Mrs. Jarvis was Miss Anna Miller of this city, a sister of W. A. Miller of the Bee Hive.

## On Visit in Illinois.

Mrs. James Manley and Mrs. Ed. Hamlin and daughter left Wednesday for Stockton, Ill., to visit Mrs. Manley's brother, John Townsend.

## Went to Maitland.

Marshal E. C. Moberly is taking in the Maitland fair today. His place is being taken by Clyde Avitt.

## THE WEATHER

Fair tonight and Thursday; on change in temperature.

## WANTED

Twenty-five Men

To go to Camp with Company F

Pay, clothing, food, transportation, no expenses. Released when you return to Maryville. Call at armory Monday, Wednesday or Friday nights, or see Captain Phipps or Lieutenant Charles any day.

## SITUATIONS GUARANTEED

"NO POSITION—NO PAY"

Backed by our "Iron-Clad" written contract. School opens Sept. 2. Write or call. Catalog free. Bookkeeping, Shorthand, Telegraphy. Office hours 11 to 12; 1 to 2:30.

## Sweet Clover Seed

1913 Crop

My own growing, white bloom, a fancy hulled and selected seed. In hulled seed you get full weight and a better germination. It is preferable in every way to the unhulled. Sweet clover preceding alfalfa provides nitrogen, humus and inoculation; furnishes an early spring and summer pasture; yields a nutritive hay and possibly mature a seed crop, all from the one seedling. Prices net weight: Over 15 lbs. 20c per lb., under 15 lbs. 25c per lb. Seed to be seen at Farmers Trust Co. Sacks and sample free.

## ARGUMENTS BEGIN IN DIGGS CASE

### Wife of Defendant Testifies in His Behalf

San Francisco, Aug. 20.—Who will limit the devotion of a wife? Mrs. Maury I. Diggs sat in the court room where her husband stands charged as a white slaver, heard him testify under hostile questions that he had been unfaithful to her with Marsha Warrington in her own apartments and twenty minutes later herself took the witness stand to testify in his behalf.

With her evidence the defense and the government alike rested and the government began its arguments to the jury. By stipulation of Judge Van Fleet each side has two hours and twenty minutes in which to convince the jury, and the case will be in its hands late this afternoon.

Three witnesses held the stand. Maury I. Diggs occupied the forenoon with his own account of the words, deeds and fears that led up to his final flight to Reno with Marsha Warrington, accompanied by F. Drew Caminetti and Lola Norris, their close friends. They were arrested in Reno, Nev., brought back to Sacramento and the two men charged by the federal government with violation of the Mann act, which makes it a felony to transport women from one state to another for immoral purposes.

Caminetti will be prosecuted, the prosecutor announced, when the jury has made up its mind about Diggs.

The other two witnesses were Mrs. Caminetti and Mrs. Diggs. Both were questioned briefly and the substance of their discourse was of the sleeplessness, erratic, nervous behavior and the air of worry that characterized their husbands for weeks beginning March 3 and ending in Reno.

In direct contradiction to the testimony of Miss Warrington and Miss Norris, who have sworn that they left home against their judgment and desire and only when marriage had been promised them, Diggs named Marsha Warrington as the one who had insisted that they go.

#### GRAIN AND PROVISIONS

##### Closing Quotations on the Chicago Board of Trade.

Chicago, Aug. 20.—Closing prices: Wheat—Sept., 86½c; Dec., 90¼c. Corn—Sept., 74½c; Dec., 68½c. Oats—Sept., 42½c; Dec., 45¼c. Pork—Sept., \$29.95; Jan., \$19.45. Lard—Sept., \$11.20; Oct., \$11.25. #### TWO NEW MOONS IN AUGUST.

### Satellites Will Not, However, Appear Both at the Same Time.

August is to have two new moons—really two, however, identical they may be. But, unfortunately for the curious, the two moons will not appear at one and the same time.

One of these is expected to make its bow August 24. It will partly hide the sun and cause an eclipse. August 24 the moon will pass directly across the beautiful group of stars known as the Pleiades, hiding one star after another of this group. However, this interesting phenomenon will occur in the afternoon.

August 31 a new moon, but paradoxically, the same old fellow, will pass over the disc of the sun. The morning of September 14 the moon will reach a point in the heavens where it will be obscured completely by the earth's shadow. Again on September 30 the sun will be hidden partly by the moon. So that August will afford the unusual phenomenon of two new moons, and September will see a group of interesting eclipses and feats on the part of the earth, the moon and the sun.—Pittsburg Chronicle-Telegraph.

#### A Bridge Burned Out.

A bridge burned out on the Wabash railway Tuesday evening, delaying the arrival in Maryville of the 9:47 passenger train to St. Louis until 11:30.

#### On Visit to Sister.

Mrs. H. E. Robinson of Clinton, Ia., formerly of this city, is in Maryville on a visit to her sister, Mrs. Eunice Graves.

#### On Visit in Kansas.

W. H. Swinford and Miss Alma Lucas went to Long Island, Kan., Tuesday evening on a visit to T. J. Lucas.

Professor and Mrs. E. A. Burch of Cainesville, Mo., who have been attending the summer school of the Normal, left for their home Wednesday morning. Professor Burch will have charge of the schools of Cainesville this year.

Miss Carrie McClurg of Pickering returned home Wednesday from a few days' visit in Maryville with Mrs. Henry Martin and other relatives and friends. Miss McClurg will teach near Maitland the coming year.

Mrs. W. W. Rankin of Superior, Neb., who has been visiting in Maryville with Mrs. Luke Colvin, Mrs. E. B. Sheldon and Mark Heflin, went to Chillicothe Wednesday for a visit before returning home.

Veronica Merrigan of Clyde returned home Tuesday from a visit with her uncle, Clarence Merrigan, and family, and was accompanied by Mr. Merrigan, who went to look after his farm near Clyde.

Miss Ada Clayton went to Gilman City Wednesday to visit her sister, Mrs. M. J. Quinlan, and to attend the picnic in progress there. She will also visit in Trenton and McFall before her return.

Mrs. W. H. Wachtel and Elsie and Della Wachtel of Graham were in Maryville Tuesday on their way to Lock Springs, Mo., to visit Mrs. Wachtel's son, Loren Wachtel, and family.

Miss Gwendolyn Steiger of Ravenwood, who has been visiting Miss Azella Basford, returned home Tuesday, accompanied by Miss Basford, who will visit her a few days.

Mrs. R. Llewellyn and children of Amazonia, who have been visiting Mrs. Frank Reynolds and family, returned home Tuesday evening.

Miss May Summers of Warrensburg was elected Tuesday night to the position of teacher in the Prairie Star school, three miles west of Hopkins.

#### Maurice Costello tonight at Fern.

Dr. Frank Wallis returned Tuesday night from a several days' visit in Denver and Colorado Springs, Col., and Cheyenne, Wyo.

Mrs. S. E. Moon went to Pickering Wednesday to visit her sick sister, Mrs. Oscar Moon, also Mrs. C. C. Moon.

Mrs. C. C. Pattison of Arkoe and Mrs. Anna Forbes of Kansas City were shopping in Maryville Tuesday.

Mrs. F. L. Flynt and daughter returned Tuesday night from a several weeks' visit in Rolla, Mo.

Mrs. Andy Turner and children of Coin, Ia., went to Hopkins Wednesday to visit Mrs. P. C. Curry.

Miss Lulu Dew of Clearmont arrived Wednesday on a visit to Mrs. Dee Calahan of West Sixth street.

H. C. Clary returned Tuesday night from a visit with his daughter at Topeka, Kan.

Mr. and Mrs. Walter Stevenson of Pickering were shopping in Maryville Wednesday.

## You Will Rent That House IF

## You Have it Wired for Electric Lights

Do you know that people often ask us where there is a wired house for rent and that we seldom know of any?

Give us an order to wire your property providing we find a renter who suits you. We will cheerfully give you an estimate any time.

Miss Irene Westfall went to Stanberry Tuesday to visit Misses Belle and Hazel Houston.

#### Home From Colorado.

Mr. and Mrs. Glen Goff have returned from a month's visit with Mrs. Goff's parents at Monte Vista, Col. Mr. Goff has some very big and true stories to tell about trout fishing in that region of Colorado.

Mrs. Verna Murphy of the Alderman-Yehle dry goods store returned Saturday night from a two weeks' vacation with relatives in Albany.

Miss Marie Liess of Hamburg, Ia., who has been visiting at the home of Mrs. Frank Frede, near Maryville, returned home Tuesday.

## NODAWAY VALLEY BANK

OLDEST BANK IN THE COUNTY

Capital and Surplus \$125,000.00

### SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.

The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.

Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

James B. Robinson, President. F. P. Robinson, Vice Pres.  
J. D. Riehey, Cashier.

## NO ULTIMATUM FROM HUERTA

Denies He Demanded United  
States Recognize Mexico.

### ISSUED DEFIANCE OTHER TIME

Save Out Statement Lind Without Cre-  
dentials Unwelcome—Minister of  
Interior Credited With Responsibil-  
ity for Reported Ultimatum.

Washington, Aug. 20.—Hopeful,  
though somewhat puzzled by the day's  
developments, administration officials  
anxiously awaited the receipt of the  
Huerta government's complete reply  
to the American proposal communi-  
cated by John Lind, personal repre-  
sentative of President Wilson in Mex-  
ico.

President Wilson and Secretary Bry-  
an had received during the last twenty-  
four hours.

A summary from Mr. Lind giving  
briefly the Huerta government's rejection  
of the American proposals.

About 1,000 words of the text of the  
Huerta reply, reported to be 7,000  
words long.

A message from Mr. Lind stating  
that he had been in conference at an  
early hour with Provisional President  
Huerta, that the interview had been  
cordial and was brought about at the  
suggestion of Huerta himself.

A denial from Charge O'Shaugh-  
nessy, authorized by Provisional Presi-  
dent Huerta, declaring that there was  
no truth in the report of an ultimatum  
demanding recognition from the United  
States.

### Staves Off Debate.

This message, coming in disconnect-  
ed cipher messages, which administra-  
tion officials themselves confessed  
some difficulty in understanding, was  
given to members of the senate com-  
mittee of foreign relations, Republic-  
ans as well as Democrats, and had the  
effect of staying off debate on the  
Mexican question following sensa-  
tional reports of a threatened sever-  
ance of relations by the Huerta gov-  
ernment.

Officials, though somewhat skeptical  
of the outcome of the present negotia-  
tions, took the view that nothing could  
be done by the United States, at least  
until Mr. Lind actually concluded his  
parleys with Huerta and his cabinet,  
with whom the American envoy has  
established pleasant unofficial rela-  
tions.

### ABOLISH DUTCH STANDARD

Bristow's Amendment to Tariff Bill Is  
Adopted by Senate.

Washington, Aug. 20.—The Bristow  
amendment for a graduated reduction  
of the duty on sugar to 1.26 per 100  
pounds was defeated, 39 to 34. Sen-  
ators Ransdell and Thornton of Louisi-  
ana voting with the Republicans for  
the amendment.

An amendment to abolish with the  
passage of the bill the Dutch stand-  
ard as a test for estimating sugar tar-  
iffs was adopted. Senator Bristow  
(Rep.) offered the amendment and  
Democratic leaders agreed to its adop-  
tion. The fight against the Dutch  
standard had been waged since 1909.  
The bill would have abolished the test  
next March.

Democrats were jubilant over hold-  
ing their majority unimpaired in the  
crucial tests. Determined to press the  
fight, the anti-free sugar senators  
moved to strike out the provision for  
free sugar after three years. An  
amendment to that effect was offered  
by Senator Norris (Neb.), but was de-  
feeted.

### Congress to Decide.

Washington, Aug. 20.—Congress is  
likely to be called upon to settle the  
question whether the state department  
or the state of Nebraska shall pay  
damages of \$150,000 alleged to have  
been sustained by Greeks in riots at  
South Omaha four years ago. This is  
the understanding of the matter ob-  
tained by Representative Lobeck and  
John Vees of South Omaha, who were  
at the department in an effort to se-  
cure some adjustment of the case.

### Change Name of Organization.

Denver, Aug. 20.—The Army of the  
Philippines and the American Veter-  
ans of Foreign Service adopted sep-  
arate resolutions to merge in a new  
organization, to be known as the So-  
ciety of the Army of the Philippines,  
Cuba and Porto Rico. The organiza-  
tion is open to all who served in for-  
eign territory, including China, during  
the period of the Spanish war and the  
Philippines.

### Exploding Dynamite Kills 100.

Mexico City, Aug. 20.—It is estimat-  
ed that nearly 100 persons were killed  
and almost as many injured when a  
car loaded with dynamite ran wild  
down the hills from the power works  
at Santa Fe, jumped the track and  
dashed into a tree in the suburb of  
Taubaya and exploded. Over fifty  
bodies have been dug from the ruins  
of houses in Taubaya.

### Chief Assets of Porter Are Dogs.

Chicago, Aug. 20.—Francis G. Por-  
ter, the broker whose Airedale dogs  
are principally the cause of his ap-  
pearance before a referee in bank  
ruptcy, asserted he had spent \$5,000  
on the blue-blooded animals. Their  
care was one of the heaviest drains  
on his finances, he said.

# Alderman Yehle Dry Goods Co.

WEST THIRD STREET, MARYVILLE, MO.

A Gossard Corset at  
\$5.00

With an elastic section in  
back, and long, close-  
fitting skirt.

The highest authorities for Fall  
fashions pronounce the lines of this  
corset perfect in every detail.

This model is extreme in mode  
—the waist being large and hips  
small.

The bust is very low and the skirt con-  
fines the surplus flesh without any sense of  
restriction. The elastic section in the back  
makes this possible.

The boning is light and the material  
used is a firm, splendid-wearing batiste.

At the price, we know of no corset that  
can in any way equal this one. Fitted and  
the fit guaranteed at \$5.00.

Notice the Gossard Corset Announcement on page  
55 of the Ladies' Home Journal, and in  
other Women's Magazines.

is taking merchants' statements today  
at Graham, Skidmore, Quitman and  
Burlington Junction.

Mrs. Nellie Morgan and children of  
St. Joseph, who have been visiting her  
mother, Mrs. David Housal, went to  
Lenox, Ia., Wednesday to visit Mrs.  
May Tuck.

Mrs. E. H. Bainum went to Kansas  
City Wednesday morning to join Miss  
Maud Bainum on her visit there with  
Mr. Bainum's sister, Mrs. C. S. Helm-  
bauch.

Ernest Yeaman, who has been visit-  
ing his parents the past ten days, re-  
turned to his employment in Chicago  
Wednesday.

Miss Marie Grundy went to King  
City Wednesday to visit her aunt, Mrs.  
Minnie Grundy.

### GUILFORD ITEMS.

William Boylan of Conception Junc-  
tion, a fireman on the Chicago Great  
Western road, was hurt here Tuesday  
when the train stopped for water.  
Boylan, who has been on the road only  
a short time, started to walk back over  
the coal in the tender to reach the  
spout of the water tank. He slipped  
and fell, striking his jaw on the coal,  
cutting his lip and knocking out four  
teeth. He was taken into the depot,  
where a doctor was called to attend  
him. Four stitches were taken in sew-  
ing up his lip.

The school board met Tuesday night  
and set the date of the opening of  
school on September 8. General bills  
were allowed and some repairs to the  
building and grounds ordered.

E. E. White went to St. Joseph  
Wednesday on business.

Miss Blanche Rimel left today for a  
visit in Ravenwood.

Robert Cordill, assistant cashier of  
the Bank of Guilford, is taking a few  
days' vacation.

Maurice Costello tonight at Fern.

## A Steady Pull

We are convinced that right styles and quality, with steady prices,  
impress you more than high prices and poor goods, most of the time;  
in fact, all the time, with the exception of a big cut price sale, where  
suit prices are cut in half. You doubt the statement that competitors  
of our make when they advertise a big cut like that. Well, we are not  
making any such cuts as that, because we are not buying the cheaper  
class of goods. We stand ready any time to prove that we deliver the  
best goods for the least money.

## How About a Fall Suit

A large shipment arrived just a few days ago of both Men's, Young  
Men's and Boys' Fall and Winter Suits. We want you to see them,  
look over the bunch and then see if we haven't got a stylish and de-  
pendable line of reasonable priced suits.

## Shirts of All Descriptions

Say, the new Shirts that we have received are certainly classy.  
We are always looking for the best in this line. This new assortment  
is better than ever and the prices are as low as ever.

These Shirts have longer sleeves and they are much longer south-  
ward.

## Fall Line of Shoes

Every pair of Shoes handled by us are the best to be had for the  
money. We have never sold anything but the best grade of Shoes.  
Ask your friends.

## We Are Always Looking for Better Goods

If we do not handle certain makes of Clothing it is because we have  
found something better. Our competitors are always grabbing for the  
lines that we throw aside, but remember the place to get satisfaction.

**Van Steenberg & Son**

Mrs. G. Rogers of Osborne City, Kan., who has been visiting at the home of Mr. and Mrs. A. M. Reese, went to Pickering Tuesday to visit Mrs. Mary McGuire.

Miss Katherine Koch of St. Joseph arrived Tuesday on a visit to her grandparents, Mr. and Mrs. S. H. Townend, and other relatives.

## Estes Park Colorado The Garden of Allah

A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the cheeks glow and the eye glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipice in the world.

In Estes Park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it's the ideal place to rest and regain perfect health.

Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable ranch boarding houses and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am paid to lend a helping hand. Let me attend to all the details. Call, or write for an Estes Park pamphlet--today before you forget.

Ticket Agent, Burlington Route

## A MADDOG SCARE.

North Maryville Gets Excited Over Dog With Rabies--Dog Shut in Barn and May Be Killed.

North Maryville was frightened with a mad dog scare this morning. The dog, a little black one belonging to Jud Pearce, was seen near the Main street bridge, running wildly about, foaming at the mouth and in convulsions.

Fred Lewis called the police. They did not want to kill the dog without seeing Mr. Pearce about it first, and as he was away from home they shut the dog in a barn. Mr. Pearce came home later and said that he would kill the dog if it did not get better by night. Bert Rowley, fearing that his dog was mad and would attack some one, killed it this morning.

## Four New Members.

Company F gained four new recruits Tuesday, all being Maryville boys. Up to Monday night they added seven new ones to the company, and with those added Tuesday it makes eleven new members. Many more are expecting to join so as to take in the state encampment at Nevada next week. Captain Ezra Phipps of the company received the transportation for the company Tuesday.

Miss Jessie Lyons of Arkoe is the guest of Misses Margaret and Elizabeth Heffern.

Mr. and Mrs. Louis Zahm went to Stanberry Wednesday on a day's business trip.

## Just One Little Thing Wrong.

The late John H. Twachtman, the well known landscape painter, was essentially an "artists' artist," in that his style appealed more to his colleagues of the art world than to the lay public. Any one familiar with the man and his work would say that the following incident, which is related of him, might easily be true:

A man who had bought one of the artist's paintings wished his opinion on the hanging of the picture and invited him to dine. Mr. Twachtman expressed his approval of the background, of the height at which the canvas was hung, pronounced the light favorable--indeed, he said, there was only one particular in which he would suggest any change.

"And what is that?" inquired his host solicitously.

"Why," said the artist, "I should hang it the other side up. I always have."--Everybody's Magazine.

## Self-Made.

"Man is fearfully and wonderfully made."

"Yes, and woman is fearfully and wonderfully made up."

## Mrs. Moon No Better.

Mrs. Oscar Moon of Pickering, who was taken to Rochester, Minn., about two weeks ago for treatment, was brought home a few days ago, and is lying in a critical condition at her home.

## Cockroaches SHOULD BE KILLED

At the first sign of the repulsive cockroach or waterbug, get from your drugist a box of the genuine Stearns' Electric Rat and Roach Paste and use it according to directions; and in the morning you can sweep up a painful of dead cockroaches. Ready for use; does not blow into the food like powders.

Stearns' Electric Paste is sold on guarantee of money back if it fails to exterminate cockroaches, rats, mice, etc.

Sold by druggists, 25c and \$1.00, or sent direct, charges prepaid. On receipt of price.

Stearns' Electric Paste Co., Chicago, Ill.

## CANADA WILL DEPORT THAW

Slayer of White Regarded as  
"Prohibited Person."

## ARRESTED IN QUEBEC TOWN.

To Be Returned to New Hampshire, From Where He Came--Asks Sheriff Question on Train and Apprehension Follows--Will Resist Deportation.

Ottawa, Ont., Aug. 20.--Harry K. Thaw will be deported from Canada under the present plans of the Canadian immigration department, because within the meaning of the Canadian immigration law he is regarded as a "prohibited person." If custom is followed, he will be sent back to New Hampshire, from which state he entered the Dominion.

It was late when the department was notified of Thaw's apprehension, and immediately inspectors Reynolds and Williams were dispatched to Sherbrooke, with instructions to watch the case and institute proceedings to the above mentioned end. The department wired the chief of police at Sherbrooke to hold Thaw under the immigration act.

## To Fight Extradition.

Sherbrooke, Que., Aug. 20.--Harry K. Thaw, cut short in his flight from the state hospital for the criminal insane at Matteawan, N. Y., by arrest at the village of St. Hermenegilde de Garford, just over the international line from New Hampshire, prepared in his cell at the county jail here to fight extradition to the United States.

Had not Thaw made an inquiry of Sheriff B. H. Kelsey of Colbrook, N. H., regarding the country through which he was passing he probably would be aboard a steamer sailing for England without having his identity suspected. The arrest was made on Kelsey's complaint that Thaw was a fugitive from justice.

## ALL QUIET AT ALBANY

Assembly Takes Step to Punish Recalcitrant Frawley Witnesses.

Albany, N. Y., Aug. 20.--Expectation that the reconvening of the legislature would be productive of spectacular developments in the muddled government situation failed of realization. Rumors that Acting Governor Glynn would submit a message bearing in some way upon his official status drew large crowds to the capitol, but few members appeared.

In the ten minute session of the assembly, concurrent resolutions were introduced looking to the punishment for contempt in refusing to answer questions before the Frawley investigating committee of Louis A. Sarecky, Governor Sulzer's private secretary, during the gubernatorial campaign, and Frederick L. Colwell, who is alleged to have been Mr. Sulzer's "dummy" in certain stock transactions.

## 50,000 WORK ON ROADS

Begin Campaign to "Pull Missouri Out of the Mud."

Jefferson City, Mo., Aug. 20.--One hundred prisoners from the Missouri penitentiary will work on the public roads of Missouri today and tomorrow and each one who performs satisfactory work will have his sentence reduced fifteen days. This announcement was made by Governor Major.

Fifty thousand business men and farmers of western Missouri, it was estimated, shouldered their picks and shovels this morning to take part in Missouri's two good road days, the slogan for which is, "Pull Missouri out of the Mud."

## TRAINS START FOR SOUTH

Federals Believe Traffic to Chihuahua Is Restored.

El Paso, Tex., Aug. 20.--Nine freight and passenger trains are ready to leave Juarez for the south in an effort to reach Chihuahua. An escort of 2,000 federal troops will accompany the trains.

Telegraphic communication has been restored with Chihuahua and federal authorities believe traffic over the railroad will be uninterrupted. The trains will carry mail and a large quantity of supplies and ammunition.

## FOUR KILLED BY BOLT

Railway Official Victim of Lightning at Dexter, Mo.

Dexter, Mo., Aug. 20.--Four persons were killed by a lightning bolt in a storm which struck this city at noon. The dead are: W. L. Barnum, assistant engineer of the St. Louis Southwestern Railway company; George Gregory, William Perry, and his small son.

All except Barnum live here.

Fatal Shooting Affray on Train. Salt Lake, Aug. 20.--While east bound train No. 2 of the Salt Lake route was speeding across the desert John Bertello whipped out a revolver and fired at his two companions. Passengers, in a panic, fled into the other coaches. When the train crew entered they found George Lochner and Gerro Floradi lying in the aisle, the former mortally wounded. Bertello was put in jail at Delta, Utah. The two wounded men were brought here. A quarrel over money was said to have caused the shooting.

## BODIES OF VICTIMS TAKEN TO SEATTLE

On Same Ship Thirty-seven Survivors of Wreck Aboard.

Juneau, Alaska, Aug. 20.--Thirty-seven surviving passengers of the steamship State of California sailed for Seattle on the steamship Northwestern, leaving seven passengers in a hospital unable to travel. On the Northwestern also went ten confined bodies of passengers. Three of the dead are unidentified. The coffins will be opened at Seattle.

All the surviving officers and other members of the crew appeared before Marine Inspectors Whitney and Kell and gave testimony, which was taken in shorthand. They were ordered to report to the marine inspectors at Seattle.

Captain Cann of the wrecked steamer left for the scene of the disaster to make soundings to ascertain if the mail and the purser's safe can be recovered. The mail was in the hold of the steamer and is thus intact. If it was saved with the wreckage of the upper works.

Among the rescued passengers are Mr. and Mrs. Peter Olson of New York, C. D. Shaw, Sidney, Australia, and George Odell, Kansas.
